| greater than 15 minutes) with a person that tested p   | -                               | _ | 140 |
| they are contagious) within the past 14 days?  |                                 |   |     |
| Please select no if:   |                                 |   |     |
| 1. You are two weeks post the final vaccination in the series (both doses  |                                 |   |     |
| of Pfizer or Moderna or a single dose of Johnson and Johnson) <b>AND</b>   |                                 |   |     |
| not experiencing symptoms.  Question 3   |                                 |   | Yes |
| Have you/the student traveled to any state listed as ORANGE on the Chicago                                       |                                 |   | No  |
| Department of Public Health (CDPH) travel order in the last 10 days?   |                                 |   | 140 |
| Please select no if you traveled but:  |                                 |   |     |
| <ol> <li>Qualify as an exception under the CDPH travel order.</li> </ol>   |                                 |   |     |
| 2. Obtained a negative COVID-19 test result no more than 72 hours  |                                 |   |     |
| prior to arrival in Chicago, and can provide the results if requested.   |                                 |   |     |
| 3. Are two weeks post final vaccination in the series (both doses of   |                                 |   |     |
| Pfizer or Moderna or a single dose of Johnson and Johnson) <b>AND</b> are  |                                 |   |     |
| not experiencing any symptoms.  Question 4   |                                 |   | Yes |
| Have you traveled internationally to a moderate, high or very high risk location in                              |                                 |   | No  |
| the past 10 days?  |                                 | _ |     |
| Please select no:  |                                 |   |     |
| If you traveled but are two weeks post final vaccination in the series (both                                     |                                 |   |     |
| doses of Pfizer or Moderna or a single dose of Johnson and Johnson) <b>AND</b>                                   |                                 |   |     |
| are not experiencing any symptoms.   |                                 |   |     |
| Question 5   |                                 |   | Yes |
| Are you/the student waiting on the result of a COVID-19 test?  Please note: This excluded CPS screening testing. |                                 |   | No  |
| Question 6   |                                 |   | Yes |
| Have you/the student tested positive for COVID-19 in the past 10 days?   |                                 |   | No  |
|  |                                 |   |     |
| Please note:   |                                 |   |     |

If you test positive for COVID, please report your results to cps.edu/COVIDresults or call 773-553-KIDS

## **Next Steps:**

- If "No" to all, you are allowed to enter the building.
- If "Yes" to question 1, you must stay home and contact your primary care provider for next steps.
- If "Yes" to question 2, you must stay home to complete the 14-day quarantine from the last time you were a close contact.
- If "Yes" to question 3, you must review the following guidance:
  - Domestic travel must follow the CDPH travel order, anyone traveling from a state on the Orange list is directed to obtain a negative COVID-19 test result no more than 72 hours prior to arrival in Chicago or quarantine for a 10-day period.
  - https://www.chicago.gov/city/en/sites/covid-19/home/emergency-travel-order.htm
- If "Yes" to question 4, you must review the following guidance:
  - Travelers coming from international locations are not covered by this Order and should follow <u>Centers for Disease Control and Prevention guidelines</u>.
  - Obtain a negative COVID-19 test result 3-5 days after travel <u>AND</u> stay home and self-quarantine for a full 7 days after travel.
  - If your student does not get tested, they should stay home and self-quarantine for 10 days after travel.
  - Please note even if the test is negative, stay home and self-quarantine for the full 7 days
- If "Yes" to question 5, you must stay home to wait on your test results.
- If "Yes" to question 6, you must stay home until you have completed 10 days of isolation (that starts on the first day of your symptom) AND 24 hours since your last fever without the use of fever-reducing medications AND your other symptoms are improving
