

# ANDREW CARNEGIE ELEMENTARY SCHOOL

## Chromebook Care & Classroom Procedures

### *"Chromebook Student Rules & Agreement"*

- The Chromebooks do not leave the classroom. **The students may not take them home.**
- Teachers are responsible for the Chromebooks while in their classroom - make sure students don't damage or steal them.
- Carts must be kept locked when not in use and classroom doors must be locked when the teacher is not in the room.
- Students should use the Chromebooks while in your class, then put them back before leaving. Students will have access to other Chromebooks in other classrooms. Allowing students to "roam" outside and in between classes can create loss or damage.
- Ensure all Chromebooks are in the cart and accounted for BEFORE the end of each class or period. Hold students prior to the bell and keep them accountable. The teacher is ultimately responsible for the equipment!
- Use caution when plugging and unplugging Chromebooks to power cords, connectors can easily be bent or broken if you are not focused, or in a rush.
- **Reminder - if a student negligently damages a Chromebook, they will be held accountable for the repair. Classroom management is the teacher's responsibility. Make sure you document everything.**
- The Chromebook screen can be damaged if subjected to rough treatment.
- Do not lean on top of the Chromebook with body weight.
- Refrain from placing heavy textbooks or other items thrown into a backpack on top of the Chromebook that could put pressure on the screen.
- Do not place anything on the keyboard before closing the lid (e.g. pens, Pencils, notebooks).
- No food or drink allowed near your Chromebook
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook
- Carry Chromebooks carefully by the base when the screen is open.
